

Did you know that Early Learning Institute has programs that continue after age 3 for Sonoma County families?

Watch Me **G**ROW!

Watch Me Grow provides FREE social/emotional and developmental screenings to children throughout Sonoma County ages Birth-5 who would otherwise not be screened. WMG staff connects families to community services, and can facilitate referrals to mental health or developmental services if there is a need and the family is interested. Included in the Watch Me Grow program is our *PEAS* Program:

PEAS PARENT EDUCATION AND SUPPORT

Parenting a young child in services birth-5? Ready for some support? PEAS provides 6 FREE weekly, one hour home visits during which parents receive support and learn about such things as community resources, family routines, sibling issues, stress reduction, and more.

Behavioral Consultation Project

FREE on-site consultation services to childcare providers and preschool teachers serving children birth through age 5 who have not yet begun Kindergarten. BCP works together with providers and families to address behavioral, developmental and/or mental health issues, share ideas, and plan for a child's success in his or her program. BCP Consultants can also connect families and programs to community resources and services.

WEE PLAY COMMUNITY PRESCHOOL

Wee Play Community Preschool is a small, inclusive preschool play program designed especially for children who are not quite ready for larger preschool environments. A progressive approach to the early education of children guides the curriculum which is based on developmentally appropriate, child-centered interests. Classes meet two afternoons per week from 1-4 pm. Morning classes coming. (For 3-5 year olds. Monthly tuition)
